8. Forfeit Rules:

- If a team forfeits four games then they will be kicked out of the league.
- If a team shows up for a game and the other team forfeits, those players from the ready-to-play-team will receive credit for a game played.
- There will not be rescheduling of games to avoid forfeits.
- After one team forfeits, if teams play an “unofficial game” and if the umpires stay, each team will pay one umpire \$20 and the scorekeeper \$6 each. The only time the forfeiting team will pay the \$40 for umpires and \$22 for the scorekeeper is when no game is played.

9. Miscellaneous Items:

- All teams must turn in a **legible line-up card before game.**
- The champions of both divisions will be awarded the #1 seeds going into the playoffs. The overall league records will be used to determine the rest of the seeding for playoffs with the best record awarded the higher seed.
- Top 6 teams in each division will play in a double elimination tournament.

10. Rules:

Rules will follow ASA standards except those rules created specifically for the Mayfield Village Parks and Recreation Men’s 18 and Over Softball League:

- Games start with 1 & 1 count
- There is a (5) minute grace period for the first game only (cuts into 65 minutes).
- No inning will start after 65 minutes. If game is tied at conclusion of game then the sudden death procedure will be in effect regardless of the time limit. This rule states that going into the 8th inning, a runner starts out on 2nd base with no outs. After three outs, the other team receives the same opportunity. If it goes into 9 innings, runners start out on 2nd & 3rd base. The other team receives the same opportunity. If the game is still tied, teams will follow the above process but they will start with one out with a runner on second base. If it goes into the next inning then there will be runners on 2nd & 3rd with one out.
- **Run Rule** – 20 runs after 4 innings or 12 after 5 innings.
- **Pitching Arc** – 6ft – 10ft
- Only 2 pinch runners allowed for entire game.
- Each team has the option to field 10 players and bat 12 players continuously (plus 2 AH). If a team starts with 12 players then they must end with 12 players. If a team start with 12 and continue playing with less than 12 (if someone has to leave, gets thrown out, or is injured, etc.), each time that person is up to bat, it is an out.
- Must have 9 players to start a game. When a team is playing with nine players, if someone is ejected then there must be a replacement or else it becomes a forfeit.
- No player can be added to the batting order after going through the lineup 1 time.
- If a player is injured while running bases, then they can get a pinch runner but it must be the last out.
- Players may be substituted in and out following the same batting order
- **3 plus 1 Home Run Rule.**
- If the catcher is at home plate, then the runner must slide (slide or give up), except on a wild throw when it is not close (Umpire’s judgment).
- **No Alcohol permitted at the fields. (this includes spectators). The league supervisor will be responsible for enforcing this rule in regards to the spectators.**
- **Smoking will only be allowed in the designated smoking area.**
- An official game is complete after 5 innings

(Next Page)

- **Substitute Runner:** Each team is allowed two (2) substitute runners per game. These runners may be used at any time (either for injury or strategy). The substitute runner will be the player who made the team's previous out. After a team has used both of its substitute runners, the only way to replace a base runner is through the league's substitution rule (which requires bench players). If a player is injured running the bases after his team has used both of its substitute runners, he must either remain in the game or take an out. If the player takes an out, he cannot return to the game and the team will receive an out each time he is supposed to bat.
- **Playoff Qualified Players:** 24 plate appearances. If a team tries to use a player in the playoffs who is not eligible for the Playoffs, it is an automatic forfeit. It is the job of each manager, not the scorekeeper or supervisor, to inquire into the legitimacy of each of the opponent's players. Once a team has submitted its lineup to the scorekeeper and the first pitch is thrown, every player in that lineup is subject to the rule.
- If team forfeits **more than 4 games**, they are not eligible for the playoffs
- **Sportsmanship:** Poor behavior during the regular season or in the playoffs will not be tolerated. The umpires will be instructed to eject any player taunting the opposing team, throwing equipment, or directing inappropriate language at the umpires. This is not a ban on arguing a call with an umpire. However, such arguing should be done appropriately and respectfully. Consider this each team's warning. It is the job of each manager to control the conduct of his players.

11. Player/Team Conduct: Mayfield Village Parks and Recreation has the authority to eject players or teams from the league based upon improper behaviors and/or any other situation that arises which Mayfield Village feels is inappropriate. If a player or team is ejected, then they will not receive any refund from Mayfield Village Parks and Recreation.
