I talked today to Sean of the Mayfield Village Recreation Department. He indicated that the softball fields will be shut down the week after Labor Day. Pursuant to my request to extend our season, Sean agreed that our league can continue using the fields through Sunday, August 30. Based upon Sunday's vote of the managers, our league will continue with a regular schedule through August 30. In that way, all teams will be able to maximize the number of games it will be able to play in this severely-curtailed season. Since Tom Lauer previously indicated to me that he believes his team will be able to play at least through August 16, below is our league schedule through that date with all games beginning at 9:30 a.m.:

A. August 2

1. Roberto's Contractors v. Calvetta Brothers Construction at Mayfield Village North field;
2. Beirne v. Winking Lizard at Mayfield Village South field.

B. August 9

1. Boomer's Buckeyes v. Beirne at Mayfield Village North field;
2. Calvetta Brothers Construction v. Winking Lizard at Mayfield Village South field.

C. August 16

1. Boomer's Buckeyes v. Winking Lizard at Mayfield Village North field;
2. Roberto's Contractor's v. Calvetta Brothers Construction at Mayfield Village South field.

I will establish the schedules for August 23 and 30 after Tom Lauer informs me as to whether his team will be able to play on those dates. Hopefully the weather will cooperate and all teams in our league will be able to continue their season for another 5 weeks.

Best regards,
Bob
